Located in a unique vice-royal mansion (surrounded by gardens) built in the eighteenth century, once a seventh century pre-Columbian pyramid.

Its masterpieces are considered worldwide icons of pre-Columbian art.

The Museum features the finest gold and silver collection from ancient Peru, as well as the famous collection of erotic art, one of the most visited tourist attractions in the country. The Larco Museum is one of the few museums in the world where visitors can tour the storage area and see over 45,000 archaeological objects properly classified; which is, indeed, an unforgettable experience.
